Dear Parent/Guardian:

As part of your child's participation in 21st Century Community Learning Center (21st CCLC) out-of-school time program, we are administering a Student Survey. This survey will ask students questions about the program so that we can learn more about their experiences and make improvements to the program in the future.

Students' responses will remain anonymous, and will not affect their school grades or ability to participate in the program.

Because this survey is not required for educational purposes, parents have the right for their children not to take the survey.
